BASTION of HOPE

I am pleased to extend my warmest greetings to Mr Gunalan Lavanyan and Mrs Oorvasi Gunalan for their commendable work of bringing awareness to and fighting against the horrific crimes committed against women. I am a witness of seeing their foundation's focus and dedication to work, which I am sure will leave a substantial impact in providing the rights for women. On behalf of the TOE foundation and all supporters of women's liberty, I believe that the "We Can Voice for Women Foundation" will be a bastion of hope for all those women who were denied their vital rights across the world.

'WOMEN EMPOWERMENT and EQUALITY WITH MEN

'Women empowerment' and 'women equality with men' is a universal issue. Women empowerment is a term that is used to encourage, inspire and celebrate women. It is also used to celebrate the strides that women and girls have taken in terms of gender equality, financial independence and high confidence. In India we have many organization and foundation to caring the women and women safety. But, we can voice for women foundation one of the prominence foundation in Tamilnadu.

We can voice for women foundation started is journey as an awareness campaign in Chennai. Later we can voice for women foundation growth and giving the big voice against the women harassment. Women empowerment is all about giving women the power and control of their lives to become anything they want and to do what they want in situations where they were not allowed once upon a time. It refers to the creation of an environment for women where they can make decisions of their own for their personal benefits as well as for the society. We can voice for women foundation doing their appropriate way to the women.

We Can Voice
for **women** foundation sort the
problem of women and
they give **BEST SOLUTION**

We can voice for women foundation provide the education to the poor girl children and help them to go with higher studies. We can voice for the women foundation teamed with may good souls in all over the Tamilnadu and voice for the women safety.

In generally women were denied a lot of opportunities and they missed out on a lot of things that would have changed their lives. However, they deserve equal opportunities for education, in their careers, in the society and so much more. But we can voice for women foundation deals this problems and giving the good things to everyone.

Women empowerment refers to increasing and improving the social, economic, political and legal strength of the women, to ensure equal – right to women and to make them confident enough to claim their rights. They need such convenient things which favour the society. They want to freely live with the people and they want to make their decision with their own sense. They need equal status need equal employment opportunity and education in the society. We can voice for women foundation sort the problem of women and they give best solution the people.

We can voice for women foundation initiate the voice to all the girl children who are all in poor situation. They did good things to girl children give not only to the but also giving the lot of opportunity and make them with perfect future in life. We can voice for women foundation organized many awareness programme for the women in Tamilnadu. I wish to continue the voice for women foundation and help to all the women. We are always stay with we can voice for women foundation.

- BENEFICIARY NIVENITHA, TRICHY

My name is Nivenitha. I was studied 12th standard at government aided school in Trichy. I got 416 marks in 12th standard. I have a desire to study engineering. Having a good future in engineering course, I got the opportunity in Engineering council to study BE computer science at Melur Vaigai College in Madurai district.

We belong to a lower middle class family. Since I am a first generation graduate, I got Rs.25000 discount from Government of Tamilnadu and above 70% marks in class XII, got a rebate of Rs.25000 from the college and was exempted from paying the full tuition fees. However, it is not possible to travel from Trichy to Madurai daily. I decided to stay at the hostel of Vaigai Engineering College in Melur. For that, I had to pay a total of Rs.46000 as accommodation and food.

That's when we learned about the 'We can voice for women foundation' through YouTube. We thereby contacted Mr Gunalan sir and made the request. We provided the evidence he said. Following that 'We can voice for women foundation' said to pay my accommodation fees. Then they came directly to Melur College and paid Rs.46000 by check which I will never forget in my life.

I have studied well and grown into a better student with this help, and I am similarly committed to helping poor students through the 'We can voice for women foundation'. For the rest of my life we will travel with the 'We can voice for women foundation'. I am forever indebted to the Trustees Gunalan Sir, Oorvasi mam and all the donors of the 'We can voice for women foundation'.

WE CAN VOICE for WOMEN

The oppression of women must have begun as soon as human community, which was a maternal society, began its journey as a patriarchal society. Otherwise restrictive words such as fright, Shame, modesty, humility would not have been transformed as if they belonged only to the female community. The practice of having only men in education, employment and property would not have come about. We need to realize that when we talk about gender equality we mean equality in everything.

The mission of 'We can voice for women foundation' is to realize and create it. Women should have 100% higher education just like men. Women are just as 100% qualified to live a healthy life as men. 'We can voice for women foundation' with the mantra that jobs should be 100% available to women as well as men.

Education, health, employment – to get all three of these 100% qualified women. The obstacle to this is poverty. The truth is that this poverty cannot be eradicated by a single human.

That is why 'We Can Voice for Women Foundation' was started with the aim of journey with the community. We warmly invite you to carry out this proper purpose 'We can voice for women foundation'.

None of the women, our mother, grandmother, aunt, great-grandmother, sister, wife, daughter, girlfriend all of these are the female community. Stay tuned for the women society. We can voice for women!

We Can Voice for Women Foundation

WHY NEED YOUR SUPPORT?

You know how amazing this world is. Motherhood created the world so full of strangeness. The status of women as a source of motherhood is a big question today. Women face various problems from girl to grandmother. The problems around women need to be addressed. We Can Voice for Women Foundation were started with the idea that we, the people, should also come forward with the contribution of the government.

We can voice for women foundation contributes to women's Health, Education and Empowerment. If a woman gets the all three, she will start living in the society on her own way. Then the woman can easily face the problems that are facing her. As its first step we can voice for women foundation is prioritizing the education of economically disadvantaged women.

Hundreds of girl students living below the poverty line have applied from across Tamil Nadu for help in pursuing higher education. We can voice for women foundation are kindly considering those applications. Many of these girl students are unable to pursue higher education after 12th standard. Many girl students are on the verge of dropping out of higher education due to the Corona curfew.

Only higher education can improve their quality of life. It needs your love, kindness, and donation. We can voice for women foundation hopes that you will help. The first step in protecting this society is to protect women. We will protect the society by protecting women. Your donation will change the lives of these women.

Many girl students are on the verge of dropping out of higher education due to the corona curfew
